**Brain Boost  
Breakthrough  
Dyslexia  
Intensive  
Intervention**

## **Brain Boost Breakthrough™ Dyslexia Intensive Intervention**

Does your child have dyslexia and learning is just too hard? Your mission should you choose to accept is to target the root causes of their learning difficulty with our Brain Boost Breakthrough™. Your child's brain will make lasting changes to process information more efficiently so that reading, listening, and all other learning becomes easier. In addition, your child will make a year or more gains in reading in the next 4-5 months.

Prepare the foundation for your child's reading success by targeting the auditory processing, memory, attention, processing speed, sequencing, phonological awareness, and phonetic gaps that have been holding them back from taking off in reading.

The Brain Boost Breakthrough™ is \$1497 or \$397 per month (now through May 31, 2020).

## Path to Success™ Personalized Learning Plan for Reading and Language Arts

Ready to finally have your struggling reader take off? Your mission should you choose to accept it is to partner with Wings to Soar and use your child's Path to Success™ Personalized Learning Plan to help your child make 1-2 years (or more) gains in reading, spelling, vocabulary, and language in the next 6 months.

Our Intervention Specialist will guide you to a mix of 3-6 programs chosen to meet your child's needs from Lexia®, InferCabulary®, Spelling Tutor®, Wings to Soar Spelling Foundations™ in Spelling City®, Moby Max®, RAZ Plus®, Headsprout®, Fluency Builder®, Engaging Eyes®, and HearBuilder®. Your child's work plan will include 60-75 minutes daily with 10-20 minutes in each program starting at their Just-Right™ Level.

Here are 7 common Path to Success™ Personalized Learning Packages for Reading and Language Arts:

## More about the curriculum choices for Math, Science, Social Studies, and Electives

- **Moby Max®**
  - K-8th
  - Science, Social Studies, Math, Fact Fluency, Number Sense (also many components that may be in the Reading and Language Arts plan)
  - Moby Max®'s interactive science and social studies curriculum helps your child develop critical thinking skills, become better problem solvers, and develop a deeper understanding. After teaching a concept, Moby Max intersperses a variety of question types to engage the student and assess understanding as the student learns. Each unit concludes with a vocabulary review and unit test.
  - Moby Max® Math, Fact Fluency, and Number Sense K-8th--Can be a stand-alone math, but usually we use this as a supplement to another core math program to fill in skill gaps 10-20 minutes daily.
  - \$147/semester or \$37/month with weekly usage reports
- **Edmentum® Exact Path® Math**
  - K-12th
  - Diagnostic placement assessment creates a personalized learning path which adjusts as the student works in the program.
